WARDEN CLAIMS PLOTS TO BLAST PEN UNCOVERED

Auto With Explosives To
Be Driven Against
Wall, Claim

ASKS PARKING OF MACHINES HALTED

Wholesale Delivery Might
Follow Explosion,
Is Statement

Columbus, March 9.—That there have been several plots to blow up the walls of the Ohio state penitentiary in recent months, was the information gleaned today when Warden P. E. Thomas asked the Columbus City Council to prohibit parking of autos along the huge brick barriers.

Explaining the reason for the request, Warden Thomas said that he had received reports several times recently that an auto loaded with high-powered time explosives would be driven against the wall. The force of the blast, it was said, would have been great enough to dynamite a section of the wall and permit a wholesale jail delivery.

Other reasons given by the warden were that parked autos provide shelter for fleeing convicts and that they obscure the visions of tower guards.

Parking is now prohibited along the wall on the East Side, and the warden asked that an ordinance also be put into effect along the west and north walls.

RAVENNA HIGH DEBATE TEAMS DEFEAT SALEM

Opening Forensic Contest
Of Year Are Held
Friday Night

Salem High school debate teams were defeated by Ravenna High school debaters, in forensic contests held at the High school auditorium and at Ravenna, Friday night.

The Ravenna affirmative squad was adjudged winner over the Salem negative team, by Delbert D. Leen, professor of public speaking, at Wooster college, in the debate held here, while the affirmative squad lost to the Ravenna negative team, at Ravenna.

The subject for debate was: "Resolved—That the United States should cease to protect, by force of arms, capital invested in foreign countries, except after formal declaration of war."

Ravenna Gets Decision
Prof. Leen awarded the decision to the Ravenna affirmative team on the grounds that the negative team was unable to attack a plan, suggested by the Ravenna students, as well as its exponents were able to support it.

Atty C. G. McCormick was presiding officer.

Florence Davis, Ted Van Campen, and Newell Pottorff were Salem speakers. Virginia Callahan, captain of the team, was alternate. Eleanor Greene, Ernest McCormick, and Paul Hergensneider composed the winning team.

James Patten, third speaker and captain; Russell Pearson, second speaker; Elvira Reasler, first speaker; and Victor Orasheim, alternate, represented Salem at Ravenna.

SCHOOLEY GUILT PLEA ENTERED

Cleveland Solon and Son Admit
Connections With Land
Deal; Sentence Soon

Cleveland, Mar. 9.—Former City Councilman Liston G. Schooley and his son L. G. Schooley, Jr., today awaited sentence after pleading guilty last yesterday to an indictment charging them with grafting on the purchase of two pieces of real estate by the city.

The elder Schooley was charged, specifically, with violating a law which forbids an officeholder from profiting on a public purchase, while his son was indicted for aiding and abetting him.

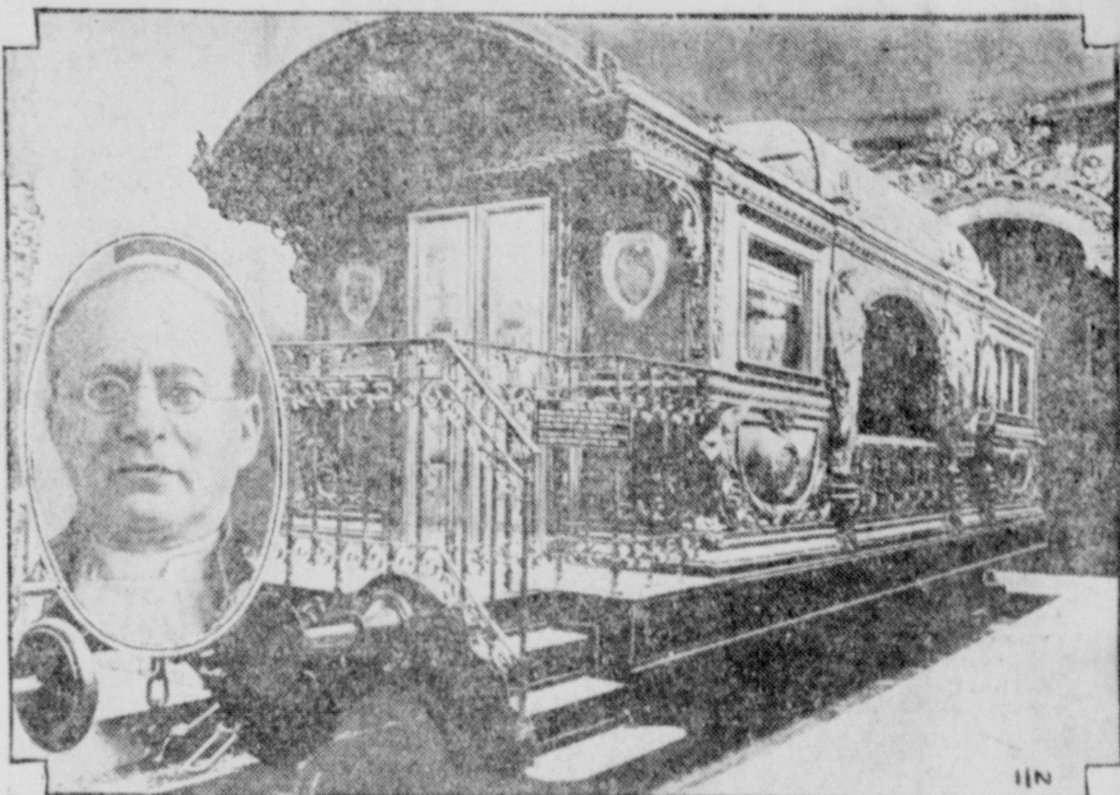

The deal was the purchase of two sites for playground purposes at a price of \$87,250 said to have been almost double the property's real value.

Former Councilman Schooley declared today he would give no information to the grand jury as to whether he shared in the profits on the transaction, believed to have amounted to about \$30,000. Prosecutor Ray T. Miller said he would ask that the Schooleys be given severe sentences.

Luxurious Car To Bear Pope On First Trip

REMOVED from the war museum of the Castle St. Angelo, this splendid train will again be put on rails for use by Pope Pius XI (inset), who is soon to make his first journey by rail, which probably will be to Milan, his birthplace. The train, richly ornamented with pure gold, carries the insignia of Pope Pius IX, under whose reign it was captured in 1870, when Italian soldiers marched on Rome.

Vatican City, March 9. — The diplomatic representatives accredited to the vatican formally congratulated Pope Pius XI at noon today upon the reconciliation between the church and the Italian state.

Headed by Magaloes Azzerdo, Brazilian ambassador to the holy see and dean of the diplomatic

corps, the envoys called in a body upon the pontiff.

There was an impressive scene as the diplomats were ushered into the presence of the sovereign-pontiff and the Brazilian envoy began speaking in behalf of his colleagues.

He pointed out that, while the new papal state is but a tiny piece of land, it is in reality a vast city of souls.

The Brazilian envoy expressed delight over the settlement of the 59-year-old conflict between the church and state in a manner mutually satisfactory, adding that the continued presence of diplomats at the envoy had attested the pope's sovereignty.

"We rejoice over seeing Italy adopt the same conception," he declared.

Lindy Wedding In Mexico at Easter

Mexico City, Mar. 9.—Col. Chas. A. Lindbergh and Miss Anne Morrow will be married here during the Easter holidays, it was learned today on most reliable authority.

The minister who will officiate at the ceremony has already been chosen, it was said, but his name has not been divulged.

It is not known here whether Mrs. Lindbergh, the aviator's mother, will come here for the ceremony.

POISON FOR DOG FATAL TO CHILD

Manslaughter Charges to
Be Filed If Person
Is Found

Portsmouth, O., March 9.—Investigation of the death of three-year-old Junior Bloomfield, today led police to search for a dog poisoner, after it was ascertained that the child died from poison which a pet dog is thought to have brought into the Bloomfield home.

A post mortem examination revealed poison in the child's stomach. This, coupled with the fact the tot's dog died a half hour before, supplied the hypothesis that the baby ate part of some poisoned food that the dog carried into the house.

Manslaughter charges will be placed against the dog poisoner if he is apprehended, according to Coroner V. E. Fowler.

Surviving the child, are its parents and six brothers and sisters.

EDUCATOR DIES IN CINCINNATI

A. L. Jenkins, Noted Professor of
Engineering, Succumbs To
Long Illness

Cincinnati, March 9.—A. Lewis Jenkins, head of the Department of Mechanical Engineering, College of Engineering and Commerce, University of Cincinnati, is dead at his home here today, following a prolonged illness. He was 48 years old.

Prof. Jenkins was known through out Europe and America for his research on machine tools and the designing of heavy machinery. He had published a number of textbooks on mechanics, design of machine tools, etc.

Dr. C. Robert Cowdy, acting dean of the College of Engineering and Commerce said: "Prof. Jenkins' students always found in him a personal friend, interested in individual problems and willing to help them."

DEATHS EXCEED SALEM BIRTHS IN PAST MONTH

Dr. Church Gives Report
For February At
Board Meeting

Deaths in Salem and vicinity outnumbered births for the second consecutive month, this year, a total of 22 occurring in February to 20 births, Health Commissioner T. T. Church reported at the meeting of Salem board of health Friday night.

The record for the past month brings the total deaths for January and February this year to 53. Thirty-five births have been reported for the same period. In January there were 31 deaths and 15 births.

Deaths occurred in wards of the city as follows: First, five; Second, four; Third, two, and Fourth, 10. They were caused at the following ages:

Under one month, three; between 40 and 50 years of age, three; 50 and 60; 60-70, three; 70-80, six; 80-90, one and between ages of 90 and 100, one.

Eight births were reported from the Second and Fourth wards. Three occurred in the First, and one in the Third.

There were 18 communicable diseases in the city during the month, Dr. Church stated. They are: Whooping cough, eight; tuberculosis, three; scarlet fever, two; chickenpox, two, and miscellaneous, three.

Washington, March 9. — Coincident with the change of administrations, a number of changes were made Friday in the high commands of the navy.

Admiral William V. Pratt becomes commander-in-chief of the United States fleet, succeeding Admiral Henry A. Wiley, and Vice Admiral Louis N.ulton becomes commander-in-chief of the battle fleet.

The new fleet commander, Admiral Pratt, is a native of Maine and was one of the naval experts who accompanied President Wilson to Paris.

THREE BILLS KILLED BY OHIO HOUSE IN PAST WEEK'S SESSION

Six Measures Ready for Governor Cooper's Desk;
Solons Participate In Forty-Three
Roll Calls During Week

Columbus, O., March 9.—Ohio legislators were kept busy this week.

The solons participated in 43 roll-calls on the question of passing bills and adopted two relatively important joint resolutions. They also took part in numerous committee meetings during which many bills were acted upon, some killed and others recommended for passage.

Or the 43 measures acted upon, three were killed in the house, 18 passed the senate and 22 received favorable action in the house. Having passed both legislative branches, six of these measures—one senate and five house bills—go to the governor for his approving signature, or veto. The senate passed 17 senate measures and five house bills. The house acted favorably on 17 house bills and one senate bill. No bills were killed in the senate.

The senate adopted the wise joint resolution proposing an amendment to the state constitution authorizing four members—a majority—of the supreme court of Ohio to declare a law unconstitutional. The two years, as at present, instead of the resolution is now up to the senate.

The measures killed by the house are: The Rowe bill, which sought to require hunters to display their license numbers on their backs while hunting or trapping; the Forney bill, providing four-year terms for township trustees; instead of the Kuhn bill, which sought to give priority to first mortgages "fired."

Bills passing the senate this week include: The Marshall bill, outlawing "salary-buying" by placing loan companies, which engage in the business of placing small loans, under state regulation; the Marshall bill, requiring registration of marriages and divorces with the state registrar of vital statistics, and the Kuhn bill, requiring warning signs not farther than 100 feet from highway intersections.

Of the measures passing the house, the major ones include: The Boden bill, removing the 35-mile-an-hour speed limit for motor vehicles on rural highways; the Boden bill, increasing the penalty for "hit-skip" drivers by providing for (Continued on Page 4)

LINDY BRAVES MEXICAN WAR Flying Colonel Hops Off For Brownsville, Tex. This Morning

Mexico City, March 9.—Despite the fact he would be compelled to fly over territory torn by revolution, Col. Charles A. Lindbergh hopped off at 7:56 o'clock this morning for Brownsville, Texas.

Lindbergh's flight is to inaugurate an airmail and passenger service between Mexico City and the United States.

After saying farewell to his fiancée, Miss Anne Spencer Morrow, daughter of American Ambassador Dwight W. Morrow, and to members of her family the flying colonel began overhauling his great tri-motored plane at Valbuena flying field this morning and was soon in the air.

Col. Lindbergh's plane carried nine passengers, including two women, and 12 sacks of mail.

Six sacks of mail for New York City.

Col. Lindbergh did not feel any apprehensions over making the long flight northward over a troubled land. His usual fearless confidence was in evidence. He expected to reach Brownsville some time late this afternoon barring bad weather or mechanical trouble.

Rebel activities did not enter into his calculations at all.

Col. Lindbergh's right arm, which was recently injured in an accident while he was flying with his intended bride, Miss Morrow, had completely healed and showed no stiffness.

It was understood that a stop might be made at Tampico to refuel. Tampico is in federal hands and there has been no fighting in that region.

Son of Wealthy Cuban Sugar Plan
Battles Guards In Making
Escape In Pottsville

Pottsville, Pa., Mar. 9.—After shooting and wounding one guard at the Schuylkill county jail and holding at bay two others at the point of a gun, Alvarez Miguel, 21, son of a wealthy Cuban sugar plantation owner, made his way to freedom early today.

Miguel made his successful break for liberty about 4 a. m. today. When he called a guard to his cell, made him open the door and then shot Roy Green, a second guard who attempted to intervene. A third guard was also quelled at the sight of the gun and the Cuban mad his escape unmolested.

FAILURE TO PAY FINE RESULTS IN ARREST OF MAN

Former Mayor Upheld In
Common Pleas Court;
Owes \$420

Joe Abraham, of Salem is being held in city jail today for payment of a fine imposed against him by former Mayor George Russell, following his conviction on a charge of possessing intoxicating liquors, almost three years ago.

Papers for execution of sentence, sent Mayor Phil G. Hiddleston recently, after county common pleas court upheld Russell's judgment in the case, were served on Abraham early this morning, police say, by Patrolmen Wilbur Hiddleston and William Reardon.

Abraham owes the city \$420 in a fine and costs imposed in the case. He was found guilty in Russell's court March 18, 1926, and was fined \$500 and costs.

He made arrangements to pay the fine last October, when he paid Mayor Hiddleston \$100 of the amount but since that time he has failed to abide by his agreement according to police.

Sam Vogelhuber, Railroad st., is still in city jail pending arraignment on a charge of possession of intoxicating liquors, and also must pay a back debt of \$526.85, on an old case against him, before he is released.

CUSTOMS SEIZE LIQUOR SUPPLY

Passengers of Liner Subjected To
Close Search, Resulting In
Fines Totalling \$800

New York, Mar. 9.—Three hundred bottles of rare brandies, liquors and whiskies believed to have been bought in Florida, were seized from men and women passengers when the Clyde liner Shawnee, arrived at its dock.

The four hundred passengers, from whom the bottles were taken, paid fines totalling \$800, the men \$5 and the women \$3 apiece per bottle.

The confiscation of the liquor apparently inaugurates a new procedure in the government's efforts to keep intoxicants out of New York. This was the first time that passengers of a vessel operating along the Atlantic coastal route have been subjected to such a wholesale liquor search. Seventy-five customs officers comprised the searching party.

CHILD DIES IN FLAMES OF BED

Mother and Brother In Hospital
Following Fire In Home;
Falls Wood From Stove

Cincinnati, Mar. 9.—Three-year-old Lawrence Setters is dead here today and his mother and a younger brother are in a local hospital as the result of a "bed-clothing" fire at their home yesterday.

The mother had gone to the house of a neighbor on an errand and it was believed that one of the boys pulled a piece of wood from a coal stove, setting the bed-clothes afire.

Mrs. Setters was burned when she tried to rescue the children, and Edward, five months, also suffered burns.

GASOLINE BLAST INJURES WORKER

Toledo, Mar. 9.—One man was in a critical condition in a hospital here and three others were recovering from hurts at their home today as the result of the explosion of a gasoline tank on a cement mixer here. All of the men were city employees and were engaged in repairing a street.

FEDERAL TROOPS MASS AWAITING REBEL'S ATTACK

Large Government Force
Is Concentrated In
Guadalajara

REBELS GATHERING FOR DRIVE SOON

Port of San Luis Also
In Danger Of
Invasion

Nogales, Sonora, Mexico, March 9.—The first major engagement of the Mexican revolution and perhaps the decisive battle of the revolt is expected by rebel leaders to take place within the next few days in the northern part of the state of Queretaro or Southern Jalisco.

Gen. Francisco Borquez, Rebel commander here, revealed today that main revolutionary forces under Gen. Francisco Manzo on the west coast and Gen. Jose Gonzalo Escobar in Central Mexico are steadily converging toward Northern Queretaro where a force of 17,000 Federals is reported mobilizing to meet the threatened attack from the north.

A heavy Rebel troop concentration was underway today at Santa Ana, 75 miles south of here, under the direction of Gen. Fausto Topete who left Nogales shortly after midnight.

About 3,000 troops under Topete were expected to move southward within three days to reinforce Gen. Manzo's army advancing along the Southern Pacific lines in Sinaloa. Rebel headquarters today claimed that Gen. Jaime Carrillo had been forced to evacuate Mazatlan and that this important Sinaloa seaport had been occupied by Rebel forces under Gen. Iturbide.

It was believed here today also that an attack was imminent on the little Sonora port of San Luis, 25 miles below the Arizona border, the only point in Sonora now held by the Federals.

VISION BATTLE SOON

Major Engagement Expected Between
Federal and Rebel Forces
As Troops Concentrate

Monterrey, Nuevo Leon, Mex., March 9.—One of the major battles of the present revolution in Mexico will occur soon on the Coahuila-Durango border, probably in the vicinity of Torreon, Gen. Juan Andreu Almazan, the Federal commander whose forces recaptured this city from the Rebels, predicted today in an exclusive interview with this correspondent.

"Our troops are steadily closing in on Gen. Escobar's forces," he said. "I will allow him to pick his own battle ground and that will probably be in or near Torreon."

"We have sufficient troops to overcome the Rebel forces. Our troops are being rushed towards Torreon as fast as possible and (Continued on Page 4)

RIFLES FOR GIL'S ARMY REQUESTED

Transportation Problem
Faces Department;
Navy Guns

Washington, March 9.—War department officials today were working out the problem of getting surplus army Enfield rifles and ammunition to the Portes Gil government in Mexico.

President Hoover authorized Secretary of War Good to sell to the Mexican government any surplus munitions available.

The request for Enfields, an old-type weapon formerly used in the navy, was made by Mexican Ambassador Telles.

The problem now confronting the war department, Secretary Good explained, is one of transportation—whether to send by boat which would take considerable time, or whether the arms would be safely gotten through northern Mexico where the principal rebel strongholds are.

As soon as authorization for the disposal of the surplus was given, orders were sent out to the army's various ammunition depots to assemble the available stock for shipment.

MR. COOLIDGE, THE AUTHOR

Calvin Coolidge has returned to his Northampton, Mass., home—to the modest duplex where he and Mrs. Coolidge lived until the public called her husband, first to the governor's mansion at Boston, thence to the office of vice-president, and later to the White House. One cannot help feel that Mr. Coolidge is grateful to be freed of the onerous duties of the president's office.

From the quiet precincts of the modest Northampton home of the Coolidges there will come soon the first of a series of articles which are to appear in national magazines under the name of Calvin Coolidge. It is unnecessary here to say these articles will be interesting. In fact, they ought to provide some mighty intriguing reading, being the viewpoint of a New Englander on the life he has led for seven years in the White House.

Mr. Coolidge should prove to be outstanding in the field of contemporary writing. He has a broad point of view, a manner of speaking and writing that is capable of holding attention because of his quaintness of expression, and they will be fresh and vivid because of the intimate and so recent contact of the writer with the things about which he will write.

And beyond all this, Mr. Coolidge should find in this new life, a complete relaxation from the exacting career he has been leading. He will enjoy himself, one feels, in writing, and in being with the home folks again, and in going to his law office each morning and browsing about as was his wont before he was elected governor of Massachusetts.

The public will not forget Mr. Coolidge. He has been entirely too great a president for that to happen. And his writing and his activity at home will serve to keep him in the limelight, albeit not under its brightest rays, as has been the case in recent years.

What Others Say

DOPE RAIDS

A short time ago "dope" with a market value of \$2,000,000, was seized in New York on a train about to start for Chicago. Later, agents of the federal government found \$4,000,000 worth of the stuff on a Jersey City pier. And now from Philadelphia comes a story of a \$20,000,000 consignment successfully smuggled into that port as a distributing point for the "domestic" trade. And that gives you a little idea of the magnitude of a traffic so evil that its deleterious effects can scarcely be exaggerated. Intrinsically it is so much worse than there is almost no basis for comparison between the two.

There is no such thing as "harmless" dope addiction. Nobody can "take it or leave it alone." Moderate indulgence does not exist. Everybody who uses the stuff becomes a victim and a slave and a candidate for mental, moral and physical ruin. And unless all the outward signs are wrong, dope smuggling and dope consumption has been increasing at a rate for years, and is now fearfully widespread.

A considerable percentage of the major crimes in this country is committed by brutalized or mentally upset dope victims. "A sniff of coke" has made many a man pull a trigger and become a cold blooded murderer. Yet, while the evil is very real and painfully obtrusive and is under the ban of a universally hostile public no way of effectively controlling it seems to have been found. Government agents and local police fight against distribution with an energy of hatred and fear, but up to this time with only occasional success. They are not able to keep a real check upon it because considerable contraband will go into a small space, it is easy to hide, and consequently it is easy to transport under cover. And the very effect of the stuff on its victim makes dependable clues difficult to obtain. The discovery of an effective way to suppress the trade in dope is one of the pressing matters before the nation.—Detroit Free Press.

ABUSE OF THE EYES A COMMON HUMAN FAULT

BY ROYAL S. COPELAND, M. D.
(United States Senator from New York)

It is a long time since I have spoken about the eyes. How miserable one can be if the eyes get sore or the sight is impaired from any cause. Today I shall say something about these precious organs. One of my colleagues in the senate is blind.

I often look upon him with admiration. He seems so cheerful and is so devoted to his work that it is difficult to believe he is absolutely without sight. But he follows the debates and takes part in them just as if he could see. With all this he is happy.

Sometimes I close my eyes to find how it would seem not to see. I am thankful I am not blind and I know you are, too.

Fortunately, blindness is an uncommon ailment. Very few members of society are thus afflicted. But neglect and abuse of the eyes are just about as common as any of the human faults. It is surprising

The Stars Say —

For Sunday, March 10

SUNDAY'S horoscope accents the things of church and state, philanthropy and metaphysical leanings and activities. Otherwise affairs may be those of the Sabbath, excepting for a sinister figure hinting of danger to person and property. Precaution and self-control are admonished.

Those whose birthday it is may have a fairly active year, with some change, but there is a figure calling for a safeguard for person and property as well as for a supervised disposition. A child born on this day may be talented, ambitious, fond of change and should be fairly successful financially. But there is a menace of personal danger and hazards to property.

The Saints will aid if men will call.—Cokeridge.

For Monday, March 11

MONDAY'S astrological forecast favors those in the employment of others. It is an auspicious time for approaching superiors and those in authority for advancement, favors and increase of salary. It is also a good time for renewing contracts. Beware small losses and extravagances.

Those whose birthday it is may look for a year of advancement, promotion or recognition from superiors or those in places of authority. It is a time to push for these and to renew contracts. A child born on this day may be well endowed with talents and characteristics for success, either in employment, in business or in literary vocations. It should attain good position and be popular with those in authority.

Responsibility walks hand in hand with capacity and power.—J. G. Holland.

how prone we are to forget things which are really important. When you consider how necessary eyesight is and how dependent we are on it, it would seem to be a natural thing to look after the eyes. But we do not.

Eyes are subject to two chief disturbances. In the first place, these organs are exposed to wind and weather, to dust and dirt, to infections conveyed by unclean hands. In consequence, it is not uncommon to suffer the pain of a foreign body in the eye or an inflammation of some sort.

There is a passageway leading from the inner corner of the eye to the nose. An acute or chronic catarrhal condition of the nose may extend up this canal, the tear duct, to the eye. Then there is inflammation.

Besides these inflammatory conditions, eyestrain may cause congestion and discomfort in the eyes. Almost always this can be overcome by getting properly fitted glasses.

There is a popular prejudice against glasses, or "specs," as lots of folks call them. "I just won't wear glasses," is a common expression.

Why not? They are a nuisance, of course. Since I have to wear them most of the time, I can testify to this. But they are such a comfort, too. To have all that hazy uncertainty about type, the numbers in the telephone book, and the beauties of nature—to have that blurring disappear by the wearing of well-fitted lenses, is a joy, indeed.

You must not be foolish about glasses. If they are really needed you are doing your eyes serious harm by neglecting to wear them. By all means be sensible about it. After the age of 40 there is a

gradual failure in the distinctness of near vision. It may be possible to see all distant objects but things near-by are not clear. This is known as "presbyopia," or aging vision.

Headaches, neuralgia, inability to think clearly—these are a few of the symptoms noted by the victim himself. These uncomfortable feelings disappear when the lenses are worn.

Watch your eyes and eyesight. It pays to give early attention to any symptoms which indicate trouble with the seeing organs.

RUMOR POTTERY AT LIVERPOOL

Project Not Confirmed; Claim \$1,500,000 Plant Will Be Built

East Liverpool, March 9. — Although officials refuse to deny or confirm the rumor, the Homer Laughlin China company is considering the erection of a five-tunnel kiln plant, to be known as No. 8, at Newell, this summer, according to reports.

Surveyors and engineers are at work on ground west of the Nos. 6 and 7 plants, where it is said the new unit is to be erected.

The proposed plant, which will cost \$1,500,000 will mean the employment of 800 more pottery workers and increase the company's capacity to the equivalent of 160 up-right kilns.

According to reports, the new unit, which will be "the last word in construction," which will be completed before fall, will include one large bisque, two glaze and two decorating kilns, all tunnel types. The output of the proposed plant will equal the combined production of the Nos. 6 and 7 units.

11-Acre Tract Transferred

The North American Manufacturing company, which platted the town of Newell, recently transferred to the Laughlin company an 11-acre tract, part of which is occupied by the No. 6 and 7 units. This transfer strengthens the report of the proposed expansion.

The Laughlin company, of which Marcus Aaron, Pittsburgh, is president and W. E. Wells, Newell, is secretary-treasurer, and general manager, probably will reach a decision within the next two or three weeks.

The Laughlin interests which placed their No. 7 plant, recognized as a model pottery shop, in operation about two years ago, are the world's largest producer of general ware.

The company owns three plants in East End, East Liverpool, and four in Newell. Within the last two years the No. 4 plant at Newell has been modernized by the addition of tunnel kilns. A decorating tunnel kiln is now being constructed at the No. 5 shop.

"Me and the boy friend"

YOU know them, bless their hearts. A pair of youngsters, really, in spite of their self-reliant air and their fast-vanishing teens. The girl—slim, clear-eyed, merry; the boy—flippant, a bit arrogant, full of secret, earnest plans for success.

They like each other. They go to the movies together, dance, quarrel a bit. They don't believe in early marriages. But her eyes shine when she speaks of him. "Me and the boy friend."

One of these days, suddenly, they'll be grown up. Man and wife, those fearless youngsters. A home to plan, life to face. A budget, a savings account, economies.

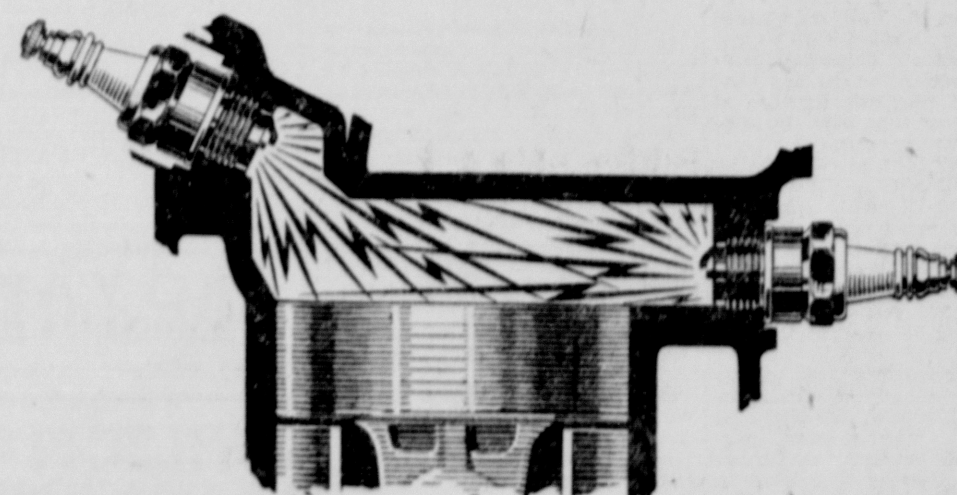

They'll make mistakes, but they'll learn quickly. She'll begin to be canny in the spending of money—to question prices and values. She'll begin to read about the things she plans to buy, to find out all she can about them. She'll become a regular reader of advertisements.

They'll help her to become the capable, wise housewife she wants so much to be. They'll tell her what clothes are best and what prices to pay for them. They'll tell her about the foods to buy, the electric appliances, the linoleums and draperies. They'll help her, as the advertisements in this newspaper can help you.

And she'll meet her responsibilities and fulfill her duties easily and well. She won't become a tired, flustered, inefficient drudge. Because her home will be modern, attractive, well-run, she'll keep young—through the speedy years she'll retain much of that shining-eyed, merry frankness. She and the "boy-friend."

Advertisements are wise counselors for housewives,
young and old.

What TWIN IGNITION Does

THE New Nash Twin-Ignition motor has two big aircraft spark plugs for each cylinder, instead of the ordinary single plug, as you can see in the simplified diagram above.

Both plugs fire simultaneously. The gas vapor is ignited at two points instead of the usual one. One effect is quicker combustion, which produces more power, more speed, much faster acceleration.

Another result is, more uniform com-

bastion, which helps to create the very noticeable smoothness and rhythm of Nash motor performance.

And still another result of Twin Ignition is more efficient combustion, which prevents wasted fuel.

With Twin Ignition, instead of single ignition, higher compression is practical, and the same Nash motor produces 9½ more horsepower, 5 miles an hour more speed, and 2 extra miles from every gallon of gasoline you buy.

SURPRISE MISS HERBERT

The Steady Cleaners class of the First Friends church had a delightful surprise party Friday evening for the teacher, Miss Mary Herbert, at her home, on Newgarden st.

The affair honored Miss Herbert's birthday and she was presented a shower of handkerchiefs.

Games and contests furnished entertainment. In one of the contests Mrs. Ralph Herbert, of Youngstown, carried off the honors. A lunch was served.

Out-of-town guests were Mr. and Mrs. Herbert, of Youngstown, and Mrs. Spiker, of Mansfield.

OHIO-BELLES CLUB

Members of the Ohio-Belles club had an enjoyable meeting Friday evening in the commercial office of the Ohio Bell Telephone company, with a covered dish supper a feature. Music entertained during the meal.

Later the members attended a show. A meeting of the club next Thursday evening will be at the home of Miss May Burcaw, Tenth st.

Mrs. P. E. Mundy and little son, who have been visiting Mr. and Mrs. Charles Thomson, Franklin ave., and other relatives here, left Saturday morning for their home in Calgary, Alberta, Canada.

LEETONIA

Miss Maybelle Middleton received word Thursday morning of the death of her nephew, John Robert Middleton, seven, of Detroit, Mich.

He was the oldest son of Mr. and Mrs. John Middleton and had been ill for one week in a Detroit hospital. Surviving are his parents and one small brother. This is the third son Mr. and Mrs. Middleton have lost by death. Mr. Middleton was a former Leetonia resident, the son of the late William and Elizabeth McMillan, and has been living in Detroit for several years.

Mrs. Elizabeth Middleton has been in Detroit for several days, called there by the illness and death of her grandson. She will remain for a time.

Lutheran Class Host

The I. F. Mellinger class of St. Paul's Lutheran church was host to the Men's Bible class of the Sunday school of St. Jacob's Reformed Sunday school, south of Leetonia. The party was held at 7:30 p. m., Thursday, in St. Paul's Lutheran chapel.

John Stiller, president of the class acted as the master of ceremonies. The program was opened with Community singing, led by T. B. Cope.

Rev. G. W. Weaver, pastor of St. Jacob's Reformed church was called upon for an address.

He responded with a talk on "The Good of the Church and the Sunday School."

The next speaker was Dr. H. C. Brillhart, pastor of St. Paul's Lutheran church. Dr. Paul H. Beaver gave a short talk. The next speaker was C. E. Holt. The company was then invited to the dining room where a supper was served by the committee in charge. After this they again went into the auditorium of the chapel.

C. S. Anglemeyer gave an address followed by Sylvanus Worman.

P. W. Mossman and M. B. Lodge entertained with a group of stunts and slight of hand performances.

The teacher of the class, I. F. Mellinger, was the last speaker. He spoke on the work of the Sunday school.

Mrs. James S. Hall entertained the Thursday Reading club at her home, Walnut st., Thursday afternoon. The motto for the day was: "Adjust your proposed amount of reading to your time and inclinations." (Dr. Thomas Arnold).

The subject for the day being "The Short Story," a paper, "The Realistic Period," was given by Mrs. C. E. Greenamyer.

The roll call, "Best Stories of the Year," was most interesting. There were 11 members present and each one gave a synopsis of a book or interesting serial read during the past year.

The "Frauen Verein" was entertained on Thursday afternoon by Mrs. Galen Lodge at her home on Columbia st. The regular program of Bible reading, a Lenten service was given by Miss Barbara Wiedmayer, vice president, and a discussion by those present.

During the social hour the hostess served refreshments.

Independent Club
The Independent club was entertained by Miss Pearl Haller, Thursday evening in the home of her sister, Mrs. R. C. Shive. Needlework was the chief diversion of the evening and at a late hour the hostess assisted by Mrs. Shive, served refreshments.

Personals
Mrs. Thomas Frasier went to Youngstown on Thursday and visited for the day in the home of her sister, Mrs. P. Carey.

Seth J. Neigh was in Salem on Thursday evening and called to see Miss Neida Neigh of Lisbon, who was recently operated on for appendicitis at the Salem City hospital. Miss Neigh, who is a senior in Lisbon high school, is getting along as well as can be expected.

W. C. T. U. Meeting
The March meeting of the W. C. T. U. was held Thursday evening in the home of Mrs. William Marshall on Waddell st. The topic for discussion was, "A Study of Tobacco and Cigarettes." The devotionals were conducted by Mrs. H. F. Pabley.

Leaflets read by those present were: "The Reason I Would Give my Younger Brother for Letting Cigarettes Alone"; "Tell the World That It Is Not Inherent With True Greatness to Drink or Smoke"; "Some Quicker Old Rules"; "Tobacco Quotations"; "The Cigarette Advertisement."

A social hour followed the program and the hostess served refreshments.

The April meeting will be at the home of Miss Myrtle Noid.

LUTHERAN SOCIETY

One new member was added at a meeting of the Missionary society of Holy Trinity English Lutheran church Friday evening at the church.

Mrs. A. H. Schrepp was program leader. The society is studying the book, "Friends in Africa" and Mrs. W. H. Ritz reviewed the chapter "The Doctor in Africa."

The society is sponsoring a mission study class, which will begin April 3, at which the book, "The New Africa," will be studied. Mrs. Ed Kearcher was hostess and served refreshments.

HOSTESS TO CLUB

Three tables were in play at bridge when Mrs. Charles McCorkill entertained her club associates Friday afternoon at her home, McKinley ave.

Prizes were presented Mrs. L. D. Beardmore and Mrs. Charles Snyder.

Mrs. Howard Foltz, McKinley ave. has invited the members to meet with her in two weeks.

SUCCESS CLUB

Mrs. Harold Babb, Vine st., entertained members of the Success club at a theater party Friday afternoon. After the show the members went to Schaefer's Green room for dinner. The table was decorated in keeping with St. Patrick's day.

In two weeks the members will meet with Mrs. Fred Dahlke, Damascus.

Mrs. David Baker, daughter Betty, and son, Floyd, of near Leetonia; Miss Mason, Lisbon, and Mrs. Twila Zimmerman, are spending the weekend in Lorain with Mr. and Mrs. G. W. Harris.

Capt. H. D. Williams, of the Salvation Army, is seriously ill of bronchitis, at his home, 16 West Green st.

G. W. Harris, of Lorain, spent Friday night with his parents, Mr. and Mrs. H. S. Harris, Woodland ave.

LAMONT GIVES UP WET FIGHT

New Commerce Head Has Stand With Hoover On Prohibition

Washington, March 9.—Robert Patterson Lamont, new secretary of commerce in the Hoover cabinet, whose identification as a member of the board of directors of the association against the prohibition amendment has caused wide comment in official circles, "is going to play the game with this administration" insofar as its prohibition policies are concerned.

The Chicago steel man, however, still thinks conditions are intolerable and should undergo a change.

Lamont explained he had joined the wet organization "for friendship's sake," and insisted he had resigned although the association yet has to receive his resignation.

"We all do some things some times for friendship," he said. "Out of friendship I joined the association against the prohibition amendment. But I'm playing the game with this administration."

"I thought at the time conditions were intolerable, particularly because of the prevalence of crime."

"Yes," he admitted in response to a question, "I think lawlessness still exists. I think there should be a change."

Lamont said he had sent in his resignation through a "prominent man" who was the friend who persuaded him to join. He said he believed this friend is now in Florida and advanced that fact as the possible reason for the failure of his resignation to reach wet headquarters.

He declined to name this "prominent man."

MEXICO

(Continued From Page One)

many are already concentrated near there. We have been delayed some time, owing to the fact that the Rebels destroyed the railroads and bridges behind them in their flight westward.

"I believe that Gen. Escobar's force numbers about 3,000 men. I am informed that Gen. Narcelos Caraveo has joined the Revolutionists and is believed to be moving southeast to join Gen. Escobar's forces."

Major Battle Looms

"If the Rebel forces are thus augmented a major battle of the revolution will occur. However, I have no doubt of the outcome. We are well-equipped, have plenty of ammunition and outnumber the enemy greatly. We will defeat the Rebels in short order."

Gen. Almazan invited this correspondent to accompany him towards the scene of Federal operations in his special train.

Train loads of Federal troops passed through this city enroute to Torreon throughout the night and this morning.

General Almazan's force numbers more than 5,000 men and is steadily being augmented from the south by troops released from the Vera Cruz sector now firmly controlled by the government. Another Federal force of almost equal strength is also believed to be heading towards Torreon under Gen. Cedillo.

QUIET REIGNS IN JUAREZ

Two Americans Killed by Stray Bullets From Battle On Mexican Side

El Paso, Texas, March 9.—Quiet reigned in Juarez today with the Mexican revolutionary forces in control after driving the federal forces from the city yesterday.

On this side of the Rio Grande, a sorrowful family mourned the death of two-year-old Lidia Rodarte, one of the two innocent victims of yesterday's battle.

The child was struck by a stray bullet while playing in front of her home four blocks north of the river.

Killed In Hotel
The other American fatality occurred in Juarez in the heat of the battle. A bartender, believed to be Teddy Barnes, of Augusta, Ga., was killed by stray bullets while in bed in the St. Louis hotel. A six-year-old boy, Luis Chavez, was also wounded while playing in front of his home in El Paso.

Estimates of the dead were vague because they were removed from the streets immediately.

Mexico City, March 9.—The Federal government today took a philosophical view of the fall of Juarez, declared it without significance and went on with its plans for a sweeping campaign in northwestern Mexico.

War Minister Calles plans to rush an army of more than 20,000 federal troops against the rebels there in a supreme effort to crush the reurrection.

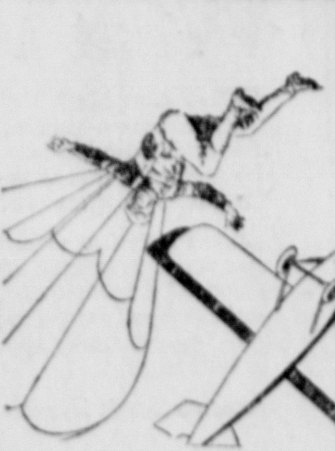

Atlantic City, N. J.—Men's suits should harmonize with their hair, it is decreed by experts at the convention of the national association of retail clothiers and furnishers.

Blondes or men whose hair has turned gray should wear gray, blue and green; dark haired men tan, blue, brown or gray.

Separated? Does It Look That Way?

People will insist on reporting a rift in the marital happiness of Jack Dempsey and his beautiful actress-wife, Estelle Taylor. And Mr. and Mrs. Dempsey are just as persistent in branding the rumors ridiculous. This picture, taken as the Dempseys were recovering from the excitement of the Sharkey-Stribling fight at Miami Beach, Fla., doesn't go far to substantiate the hints of dissension in the ex-champion's household.

Jury Finds Driver Guilty of Intoxication

Lisbon, Mar. 9.—F. H. Harrold, of Columbiana, arraigned before Probate Judge Lodge Riddle Friday afternoon on a charge of operating a motor vehicle while intoxicated, was found guilty of the charge by the jury, at 7:30 last night.

Harrold pleaded not guilty to the charge. Sentence has not been pronounced.

He was arrested by R. T. Miller, deputy marshal of Columbiana, Dec. 24.

Following the Harrold case, Berner Longnecker was found guilty on charges of possession and transportation of intoxicating liquor, and was fined \$200. Longnecker, through his counsel, gave notice of appeal, and the case will be referred to the common pleas court on error.

Solar Eclipse Will Visit Japan May 9

Tokyo, March 9.—A solar eclipse will be visible in Japan on May 9 next, unless astronomical calculations are awry, and although it will not be total at any point in the empire, Japanese scientists are preparing to make observations.

It is reported that four astronomers from the Tokyo and Kyoto observatories will be sent to the Malay Archipelago, the choicest point from which to view the phenomenon, to make observations.

The eclipse will be remarkable because of the unusual length of time during the sun's disc will be entirely covered. The period of totality as seen from Malaya will be five minutes, where as in the average eclipse it is less than two minutes.

BLOSSOM TIME

LOVE STORY OF FRANZ SCHUBERT WITH HIS OWN OLOGIOUS MELODIES PLAYED BY SUPERB COMPANY & SYMPHONY ORCHESTRA

"BLOSSOM TIME" is the finest company and most magnificent production of the celebrated Operetta that has ever been on tour, built and organized expressly for appearances in the key cities in connection with the Franz Schubert one hundredth anniversary. Everywhere this company has played this season it has smothered all its previous box-office records and the advance indications are, that its tremendous popularity will be similarly evidenced in Youngstown by an unprecedented demand for seats, in view of which it is suggested that all patrons make an effort to obtain their tickets at the earliest possible moment.

RADIO

NEWS AND PROGRAMS

The Ohio senate is going on the air some day next week.

With this announcement of radio broadcasting on the part of the senate of the upper house, also comes the statement that the lower house will be allowed to disseminate their proceedings through the "ether" sometime next week.

"This," one senator joyfully remarked, "is nothing new. Some people charge we are always 'up in the air' and I can't see much difference from being 'up in the air' than 'on the air'."

The exact date of the aerial adventure is a large question mark. Nobody knows, or at least, they aren't telling. Maybe it is through necessity that the sponsors of the move are being quiet, as they may not know the day the air channels may be open to them.

But what seems more probable is a desire to keep the members of these august bodies on tenderhooks as to when they will give the world their greatest forensic efforts.

Several microphones will be scattered about the chambers so that every senator and representative will be within shouting distance of the "mouthpiece of the air."

A check rein will be placed upon the natural verbosity of the legislators, by setting a limit on debates on bills. This, it was explained, is a precautionary measure so that one member can't speak to the exclusion of another.

Obituary

MRS. ELIZABETH DE-ROADS
Mrs. Mary Elizabeth DeRoads, 73, died at 7:15 a. m., Saturday at her home, Lisbon rd. She suffered a stroke about a week ago. She had been in failing health for some weeks.

HAUSER SPEAKS TO FARM GROUP

"Rural Electrification" Discussed By Salem Man At Meeting At Grange Hall

E. F. Hauser, of Salem, discussed "Rural Electrification" and Mr. Bridenback, of Pittsburgh, talked on "Live Stock" at an all-day meeting of the Farm Bureau at Salem Grange hall, Depot rd.

Stanley Howard, Columbiana county service manager, spoke in the interest of the farm bureau.

A dinner was served at noon. The program after the dinner was furnished by the women of Salem township who had taken the vegetable and meat cookery course. The Mt. Nebo chorus contributed several selections. A talk "Diet and Teeth" was given by Dr. J. F. Steele, of Lisbon. A pantomime, "Wanted a Man" and two dialogues, "Epitaphs" and "The Doctor Prescribes," were given.

A report of the work in the township showed that 140 women had taken the course.

Statistics Show Low Birth Rate

Des Moines, March 9.—The trend toward smaller families is shown in the annual report of Iowa's vital statistics division.

In 1928, according to the report, there were 52,422 births compared with 44,296 the preceding year, a decrease of 1,754 babies.

At the same time deaths in the state increased from 24,532 in 1927 to 25,517 last year.

Dr. Henry Albert, commissioner of public health, declined to venture an opinion as to whether birth control was responsible for the smaller number of births, other than to say that it was the tendency in America among people of the upper strata to have smaller families.

MARKETS

MARKET OPENING

New York, Mar. 9. — Radio Corporation stock jumped 4 points to 449 at the opening of the market today and sold at 451 in the first period. A block of 25,000 shares of Radio new sold at 91½, up 2½ points. National Cash Register was a favorite, with a 6-point jump to 130½. The balance of the market was quiet, with U. S. Steel down ¼ at 180; General Motors up ¼ at 82; Westinghouse down ¼ at 154½; U. S. Rubber up ¼ at 60½; Gold Dust up ¼ at 71½; American Can up ¼ at 121½.

EVEN PEOPLE—Who might "buy by eye" will listen to reason. We can tell you the inside story about the Greater Hudson and Essex, The Challenger, about the beauty being more than "paint deep." The Timken bearing carry the load, stand the strain enduringly. They are used in the front wheels, rear wheels, pinion shaft and differential. It means to motorists, just this: Extended life for quiet, true turning, attention-free differentials, pinions, steering, front and rear wheels. Better get a ride and drive one of these cars at once. NO "SALES"

but Low Prices Every Day of the Year

Why Don't You Hold "Sales" Like Other Stores?—We Are Frequently Asked

Our Answer Is—

We buy and sell only standard, first-quality goods. We do not handle bankrupt stocks, imperfect goods or "seconds." Hence we have no pretext for "reducing prices."

New goods are arriving at our store almost continuously. Nothing remains on our shelves long enough to become shop-worn. Hence there is no occasion for our holding "price slashing events" to get rid of such obsolete merchandise.

When new merchandise is received at this store the lowest possible price consistent with the market value of the goods is placed on it. You get the advantage of this low price EVERY DAY and not alone on special "sales" occasions.

Excess of Wild Life Makes Nature - Lover Weary Of Living In Congo Territory, Famous Explorer States

New York, March 9.—The Congo is not quite the romantic, adventurous life some people suspect.

It is not all big game hunting where the explorer draws his trusty high-powered rifle in the nick of time and cuts down the king of beasts in the midst of his carnal spring.

However, there is plenty of wild life in the neighborhood, according to Dr. Warren K. Stratman-Thomas, of the University of Wisconsin, who is head of the African sleeping sickness expedition that is seeking a cure for this dreaded disease which claims 100,000 victims a year.

"There is such an excess of wild life here that I think the more ardent nature lover would get just a little weary at times," writes Dr. Stratman-Thomas from the Belgian Congo.

Goes Bat Hunting
"I am quitting work in a few minutes to go on a bat hunt. With all the bats, lizards, cockroaches and mosquitoes, there is always something to do."

"Although the Congo does not resemble its depiction on the screen and in some of the American magazines, and although the food is beyond description and one cannot often get enough water to bath more than once in six days, I shall stay in the Congo for two years."

Des Moines, March 9.—Hens in Iowa are preparing to work over time.

John Schulz has just won his way to the egg-eating supremacy of the state by downing 36 eggs in 29 minutes.

And now comes Arthur Garrett, challenging John to a contest at any time. Garrett claims he can stow away four dozen raw eggs without half trying and is willing to prove his contention as soon as possible.

However, Dr. Stratman-Thomas says the Congo is an unlimited field for therapeutic research.

Fear Sleeping Sickness
For the past few months, Dr. Stratman-Thomas has worked in Leopoldville, capital of the Congo, and Brazzaville, capital of French Equatorial Africa.

At the invitation of the American Presbyterian Congo Mission, he is leaving for Luebo, in the Kasai region of the Congo which is most heavily infected with sleeping sickness.

At different times 11 missionaries at Luebo have had sleeping sickness in the last few years, and the disease is common among whites who ply up and down the Congo between Leopoldville, his headquarters, and the mouth of the Kasai river.

The expedition is jointly backed by John Simon Guggenheim Memorial Foundation and the Parke-Davis Research Laboratories.

At the meeting in two weeks F. W. Dean from the Ohio experiment station will give an illustrated lecture on forestry.

ABOUT TOWN

On Honor Roll
George Ruggy, son of Mr. and Mrs. Rex Ruggy, East High st. a student at Wooster college, Wooster, is on the honor roll at his college for the first semester, according to information given out by the college.

One hundred and one students at this college received no grade below "B" in their first semester work. Fifteen received all "A's."

The grading system at Wooster makes "A" very high and "B" high.

Auxiliary Meets
Ladies auxiliary No. 8, Patriarchs Militant, had a meeting Friday evening at I. O. O. F. hall, Broadway.

The auxiliary is planning to give a play on Wednesday evening, April 3. After the sessions of the auxiliary and canton the members had a social period together.

City Hospital Notes
William Mentzer, of Salem, has entered the Salem City hospital for medical treatment.

Two patients at the hospital have been discharged: George Gleckler, of Columbiana, and Lyle Leshner, of Washingtonville.

Troop 2 Meets
Troop 2, Boy Scouts, met Friday evening at the M. E. church with 16 scouts, two visitors and two leaders present.

The chart recording the members' advancement showed that Joe Bush is a first class scout with nine merit

badges, and that Edward Sutter is a first class scout. It also showed that the troop has six second class scouts. All the other members are tenderfoots.

The inter-patrol contest will start at the next meeting. Some of the scores are: Attendance attitude, appearance, advancements. The losing patrol will give a "feed" for the winners. The next meeting will be on March 15.

Dames of Malta
Three applications for membership were received at a meeting of Peace Sisterhood, Dames of Malta, Friday evening at the hall, Main st.

Officers were nominated and they will be elected at the next meeting in two weeks. At that session two degrees will be exemplified.

Att'nd Meeting
Representatives of Salem lodge No. 142, Knights of Pythias, attended a meeting of the Sebring lodge Friday evening. The third rank was put on at this session.

ESSEX, THE CHALLENGER
Is delivering better than 20 miles to the gallon of gas. Attaining 60 miles an hour in 21 seconds with all the doo-dads of higher priced cars.

A top speed of 75 miles with brakes and other units built to last indefinitely — all this meaning low upkeep — it seems there's little left to be desired. Be sure and ride and drive the Essex The Challenger and note the difference. \$695 and up.

Salem Saxons Meet Monaca Team Tonight

Salem Saxons, bumped out of their first place position in the Penn-Ohio German league last week, when they were defeated by Cleveland East, will attempt to regain the lost laurels in its invasion of Monaca, Pa., tonight.

The Monaca outfit is in eighth place in the circuit, with only one win in 10 starts, and will probably be easy for the Salem combination.

Next Saturday, the Quaker City tossers meet the classy Lorain aggregation, at the Memorial gym. Salem will have to win each of its remaining seven games to keep in the running for the title, having won nine games out of 11, while Cleveland East has annexed 10 wins in the same number of starts.

Homestead, Pa., winner over Salem early this season, will not be met until April 13.

Al Zill Completes Plans for Monday Night Fight Show

Youngstown, March 9. — Al Zill, fight promoter, today announced everything all set for the two classy junior lightweights, Jozse Gonzales and Mike Dundee, appearances at the Rayen-Wood auditorium, here Monday night.

Gonzales, who calls Manila his home, claims decisions over Armando Santiago, Davey Abad, Joe Rivers, and a host of other "lesser lights" in the battling game, and is scheduled for a set of 12 rounds in the main go of the evening with Dundee, of Rock Island, Ill.

At Reno and Eddie Rutman collide in the semi-final, and Terry McGovern and Jimmy Engle clash in the six-round main prelim.

COURT NEWS

Sale Petition Filed

A petition to sell real estate has been filed in probate court by Clement E. Beard, guardian of Ruth G. Beard and others against Hubert Garrett, a minor and others.

Claims Against Estates

In a petition filed in common pleas court by Albert Hays, administrator of the estate of Mary B. Fisher against John E. Moore, trustee under the will of the late Anthony M. Fisher and others, claims against the estate are asked to be set up. The petition for the plaintiff was filed by Metzger, McCarthy & McCorkhill of Salem.

Ordered To Appear

Wendell Phillips and Charles S. Ling have been ordered to appear in common pleas court March 18 and testify as to the property they have in their possession owned by Gibbs & Brown, formerly in business at Columbiana. This order has been entered in the suit of the Palmolive-Peet Co., against Gibbs & Brown, Inc. The original suit was filed in October 1927 for the purpose of recovering on a note given by the defendants to the plaintiff for \$728.12.

Injunction Ordered

An injunction to prevent the collection of a special street improvement assessment has been sought in a petition filed in common pleas by William Rowan and others against the Village of New Waterford and the county treasurer. Rowan claims that his property has been assessed \$555 for the improvement, which is a greater value than that of his land, and in excess of the amount allowed to be collected by law.

Judgment Entered

Judgment by confession on a cognovit has been entered in common pleas court for \$1311.34 and costs in favor of the Rieck-McJunkin Dairy Co., against E. Skalkos and others.

AMERICAN CHAMPIONS

HOWARD KRIS

GEORGE SIMPSON

KENT CROOKS

FRANCIS PIERCE

RICHARD ROCKAWAY

FRED STROTHER

Sprint relay and shuttle hurdle champions of America were the titles won by the Ohio State University track and field athletes shown above last year. All of these men are back in school and ready for further honors this season.

Headed by George Simpson, who equalled the intercollegiate record of 9.6 seconds in the 100-yard dash at the Ohio Relays last year, the 440 and 880 sprint quartet appears to be the pick of collegiate relay-dash teams. Simpson, Howard Kris, Richard

Rockaway and Francis Pierce were the men who equalled the intercollegiate record in the 440 at the Erie Relays, set a new meet record in the 880 at the Ohio Relays and won over the same distance at the Pennsylvania Relays. The team will be bolstered this year by the addition of Fred Strother, who will pinch-hit for Rockaway or Pierce if their hurdle assignments prove too severe.

Rockaway and Pierce with Kent Crooks were on the shuttle hurdle team that broke the world's record for the 480-yard distance at the Pennsylvania Relays last year. Albert Petersilge was the fourth man. Petersilge will be available for competition again in the spring.

With these Relay teams intact, Coach F. R. Castleman is expecting great things of his squad at the various relay meets they will participate in. Dr. Castleman is pointing, in particular, toward the Ohio Relays which will be held at the Buckeye Stadium on May 3 and 4. Indoor competition for the shuttle hurdle team will be supplied at the Illinois Relays on March 16.

"Stretch" Murphy Tops Players In Big Ten Conference Circle

Chicago, March 9. — Probably never before in the history of Big Ten basketball competition has there been such a lack of outstanding stars and such an equal distribution of talent as this 1929 campaign found on conference quintets.

Aside from "Stretch" Murphy, the elongated pivot of Purdue, it is difficult to put a finger on any one who predominates in his position. Murphy, literally and figuratively, was a "standout" for the second successive season, the boilermaker center was the unanimous choice of every coach and referee in selecting an all-star five.

And from there opinions began to stray. Last year Benny Osterbaan of Michigan was another unanimous choice, but this season there isn't a single player who shares that honor with Murphy. As a result, our all-conference quintet represents five different schools in the five positions—Wisconsin, Purdue, Northwestern, Michigan and Illinois.

Murphy's right to his place at center, of course, is unquestioned, if for no other reason than his ability to drop the ball through the hoop, he ranks far ahead of any other pivot man in the conference. His total of 145 points in 12 games and 22 in a single contest are new big ten marks.

"Bud" Foster of Wisconsin and Hal Gleichmann of Northwestern are placed on the first team as forwards, and we doubt if a better combination could be chosen.

College Trims Florists 47-31

Salem Business College won its fourth straight game in the city basketball league, Friday night, defeating the McArtor Florists, 49-31.

Les Older, star college guard, shot in 13 field goals for 26 points, and was followed for scoring honors by his colleague, Max Caplan, who scored six buckets and a foul.

The collegians have undisputed possession of first place in the loop.

RELIABLE USED CARS

It pays to go
to the Buick Dealer

Two used cars may look much the same from the outside. Mileage, model, tires and general appearance may be all about alike.

Yet there may be a great deal of difference nevertheless—a difference in mechanical condition which will soon show up in actual driving.

You have only the word of the dealer to go by.

That's why it pays to go to the Buick dealer. You can rely on what he says. And you may be sure his price is fair.

With Major Leaguers In Training Camps

San Antonio—John McGraw, the little Napoleon of baseball, led his New York Giants today to Laredo, just across the Rio Grande from Revolution-born Mexico. But the Giants are mobilizing on the northern front for two ball games with the San Antonio nine, and not to engage the Rebel Colossus in battle.

St. Petersburg, Fla. — Manager Huggins had high hopes today that Gordon Rhodes, rookie pitcher from Hollywood, will make the grade with the Yankees this year. In yesterday's melee the former Utah university star held the Regulars to one hit in three innings and helped himself to a triple. The Scrubs won, 3 to 2.

New Orleans—Today's workout was to be the last in which the Cleveland Indian pitchers and catchers hold the center of the stage alone. The infielders and outfielders are to report for training tomorrow. Catcher Glenn Myatt has

MOVIES

In Playhouses Of Salem

A thrill-bringing affair, with Francis X. Bushman enacting the picturesque and romantic role of Belgrano, famous liberator of the Argentine people from the yoke of Spain, heads this week's bill at the Royal playhouse.

"Charge of the Gauchos" is this feature's title, and includes in its cast Jacqueline Logan, Paul Ellis, Guido Trento, and a mass of other fine artists.

The picture will open the week's run of fine shows at the Royal, playing there Monday and Tuesday, "Bare Knees," that romantic flapper picture, enacted in Gotham, will be displayed Wednesday and Thursday, and hints on "How to Handle Women," starring Glenn Tryon and Marion Nixon, will be featured the final two days.

"Bare Knees" Donald Keith, Virginia Lee Corbin and Johnnie Walker enact leading roles in the revealing tale of "Bare Knees," which is said to reveal the modern spirit of reckless youth in scintillating fashion.

Naturally the story is based on the ultra-modern dance, a topic much cussed and discussed in American homes.

In "How to Handle Women," one probably won't get the lessons he hopes to from the title, as the narrative, is built entirely around

one Glenn Tryon, the hero, who thought he knew how to handle the alleged weaker sex. This great mystery of the age, how one does handle the effeminate, is the center of the tale of Tryon's dismal efforts to handle them according to his "infallible" system.

Week's Program

Here's the week's program at a glance:

Monday and Tuesday—Francis Bushman in "Charge of the Gauchos."

Wednesday and Thursday—Johnnie Walker in "Bare Knees."

Friday and Saturday—"How to Handle Women," starring Glenn Tryon and Marion Nixon.

The usual comedies and other features accompany.

The return of Harold Lloyd in "The Freshman," George Bancroft's famous, "Wolf of Wall Street," and Louis Wolheim in "Square Shoulders," are numbered among the leading screen events in Salem theatres next week.

Bancroft is scheduled to enact the leading role in the epochal story of the money-making and losing exchanges of Gotham at the State next Wednesday and Thursday. The picture proclaimed as the most outstanding talkies since such things came into existence, will naturally be flashed here minus the vocal accompaniment, but this is said to be no great handicap to the picture's popularity.

Military Story

"Square Shoulders," one of those military affairs, based on romantic and adventurous activities in boys' military training camps, with Junior Coughlin playing the lead alongside of Wolheim, will be at the State Monday and Tuesday.

It is a fine human interest story, with the lad playing the part of a fine-spirited young American boy who loves Wolheim, a man hated by his other colleagues of every day life. Romance enters into it, and makes up a fine tale.

College Comedy

Everyone probably remembers the bespectacled screen comedian's famous college story, "The Freshman," which is being reissued through public demand, and will be at the Grand Monday, Tuesday and Wednesday.

Douglas McClean returns to popularity of screendom, in "The Carnation Kid," a story attempting to bring out the crookedness in some American political circles. The tale is not at all based on cynicism, reviews declare, but is an impressive tale of the underworld of politics, then transfers its place of action to Mexico, where McClean is mistaken for a famous killer.

The picture is shown at the State Friday and Saturday.

The last three days at the Grand finds Milton Mills staging a great return to the screen in "Love and the Devil." Maria Corda is the heroine. Friday night will be "discovery night."

Rheumatism Overcome by Walking

It has been found that an especially constructed and treated pair of heel plates (one zinc and one copper) placed in the shoes of a sufferer, quickly rid the wearer of rheumatic pains, sciatica and stiff joints, as well as tones up the system in general. Thus the sufferer literally "walks" his way to health. Experiments in hundreds of cases prove these heel plates to be a boon to the sufferer in most severe cases of rheumatism. Smith's Eureka Co., 221 Lee St., McKenzie, Tenn., is so anxious to prove their statement that they are willing to send any sufferer their liberal trial offer. Write them today.—Adv.

Council met Tuesday night and discussed plans for the new municipal building, bids for the erection of this building will be opened Friday night when council meets.

Mr. and Mrs. Robert Patterson and children are moving from the Ashman farm in the Cross school district to a farm near Elyria. Phillip Patterson will stay with Mr. and Mrs. Oscar Thomas until the close of the school year as he is a senior in Columbiana high school.

Mr. and Mrs. S. B. Schory were called to Columbus on Monday evening to the serious illness of relatives, the children are staying with Mr. and Mrs. Raymond Hauptman. Miss Geneva Moseley had her tonsils removed Saturday at the Fairmount Children's Home. She will return home about the last of this week.

Mrs. Ellen Tunning of Barberton concluded a visit with the Wheelers and returned home on Thursday.

Mrs. Schotte and son of Youngstown, were recent guests in the Walter Taylor home.

S. P. Johnson is improving from his recent illness, also Frank Beck. Mrs. Ed Leuk is seriously ill at her home here.

The Methodist and Presbyterian churches are planning for a series of pre-Easter services, probably starting on March 23 to be held each evening except Saturdays until Easter. The Christian Endeavor society elected officers Sunday night. They are: President, Arthur Streng; vice-president, Blanche Bowers; secretary, Mary Taylor; treasurer, Lola Porter; pianist, Maxine Young; assistant pianist, Alice Streng. The Presbyterian Missionary society met on Thursday afternoon with Mrs. Walter Taylor.

Ottawa, Ill.—Donald Vorel, three, saved his playmate, Bobby Fitzpatrick, another three-year-old boy from a watery grave when the latter fell through a hole in the ice on the Illinois-Michigan canal here. Donald held his companion's head above water until a passing motorist came to his aid.

Study in Blue and Brown

This straightline coat of Navy hush, trimmed with kolinsky fur, is said to be the smartest thing for Spring. A Navy felt hat, appliqued with modern designs in lighter blues, gives a deft touch. A dull blue frock of crepe several shades lighter than the coat is worn by this model. Note the smart treatment of the sleeves.

Cooking and Serving Rice the Chinese Way

Have you eaten rice in a Chinese restaurant? Then you're probably convinced that they know the art of cooking it perfectly. Their bowls of rice are always the same—each grain separate, whole, tender but dry, soft but not pasty. How do they do it?

Well, they've had a lot of experience, because rice has been their principal item of diet for some thousands of years. Most people like rice, it is an excellent variation on potatoes, but the passion for dining in this country has put rice somewhat in disfavor. The fat and the slender both regard it suspiciously.

It is a starch, which is not an entirely accurate criticism. If you like rice it won't fatten you unduly. If you observe two hints—a few suggestions by the diet habits of the Chinese, who after all, ought to be experts by now on the subject of rice.

For one thing, in China they do not eat the polished white rice which, up to a few years ago, was the only kind we knew here. They use the natural brown rice, which has not suffered peeling and polishing, and this you can now buy at almost any grocer's. Brown rice contains all the nourishing elements of

the natural plant, and when you eat it you consume more roughage, and also you absorb relatively less starch.

Secondly, our Chinese friends eat a tremendous amount of green vegetables which counteract the effects of starch. They eat much more greens than we do. Examine the next plate of chop suey or chow mein you eat, and you will find it mostly greens—celery, onions, carrots, tomatoes. No potatoes. Precious little meat.

Brown rice and green vegetables are two nourishing dishes, an excellent combination, whether you need more vitamins or less fat.

Chinese Boiled Rice

Stone Mountain "Jinx" Kills Seven

The Nemesis that has dogged the steps of the Stone Mountain memorial project struck again, taking the lives of seven workmen with the explosion of a boiler, only 20 feet from the timekeeper's shack of the Stone Mountain

Granite Corporation. (At bottom.) Here's what was left of the shack after the end of the boiler struck it. Six were injured in addition to the fatalities.

DIVORCE CASES FILED BEFORE LISBON COURT

Three Suits Entered In Common Pleas For Separation

Lisbon, March 9. — Edward G. Lamp who was married at New Cumberland, W. Va., Aug. 18 last, has filed a petition for divorce in common pleas court, his counsel being E. P. Speidel of Alliance.

Margaret N. Lamp, 1226 South Morgan ave., Alliance, a minor, and residing with her mother is the defendant.

In addition to charging his wife with gross neglect of duty, the petition relates that the defendant was in company of another man, who thrashed the plaintiff and knocked one of his teeth out.

She has done no cooking or washing since the marriage the petition states.

Another New Cumberland wedding is a failure, according to the divorce petition filed by Elmore C. Bixby against her husband, James Bixby, R. F. D. No. 2, East Palestine, this petition having been filed by Metzger, McCarthy & McCorkhill of Salem.

This couple were married at New Cumberland, W. Va., June 14, 1927. Extreme cruelty is set up as a cause of the action, the plaintiff relating that the defendant becomes violently enraged at times, and without cause.

Emma F. Welsh, through her counsel Cochran & Crawford of East Liverpool has filed a petition for divorce against her husband, George E. Welch, 801 Lisbon st., and employed at the East Liverpool postoffice.

They were married at Washington, Pa., Sept. 4, 1925.

Gross neglect of duty is charged, the plaintiff saying in her petition that the defendant failed to provide a home or rooms, and he fails to go any place with her.

Motion is Overruled

A motion to strike out an amended petition has been overruled by Judge W. F. Lones in the \$5,000 accident case filed by Eugene O. Lepper against Louis Shilling. The exceptions of the defendant has been entered on the record.

Divorce Case Dismissed

The divorce action filed in July, 1925 by Clara M. Cracraft against Frank Cracraft has been dismissed from the records by the court at the costs of the plaintiff for failure to prosecute the suit.

Commissioners Confirmed

Report of the commissioners has been confirmed and a sale has been ordered in the partition action filed by Wilbur Yeagley against Zella M. Myers. A sale has been ordered under the petition.

Leave to Answer Filed

Leave to the defendant to answer on or before March 23 has been granted in the case of David B. McIntosh against the North American Union. The suit is for the purpose of recovering \$1,500 claimed under an insurance policy.

IT is easy to understand the sweeping popularity and record sales of the new Superior Whippet Fours and Sixes. See and drive either car, and you will know why January and February of this year showed more than 100% sales gain over the corresponding months of 1928.

The style creation of master designers, the new Superior Whippet sets an ultra-modern trend for Fours and light Sixes—with longer bodies, trim lines, higher radiator and hood, chromium plate, and one-piece full crown fenders.

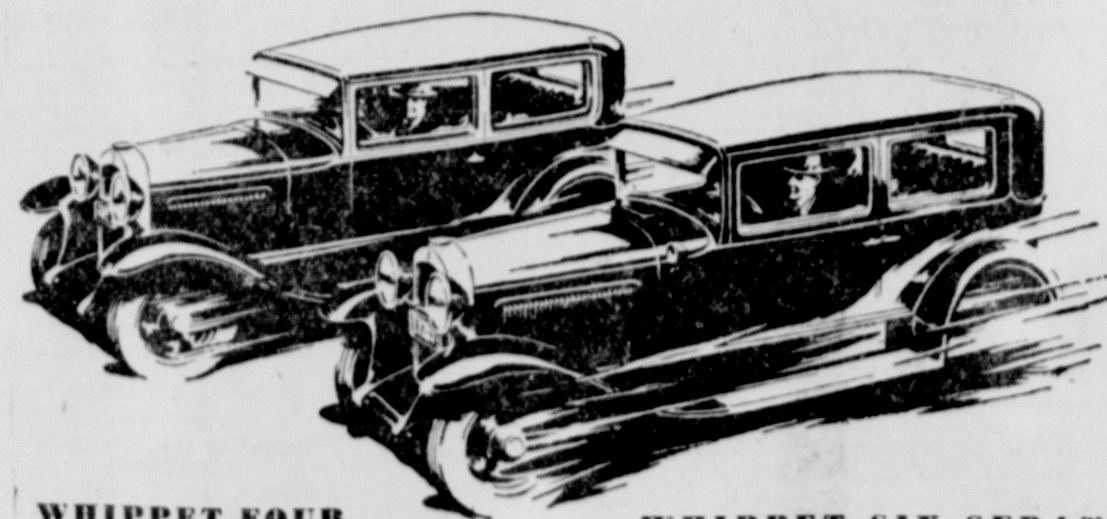

The mechanical triumph of leading engineers, the new Superior Whippet is faster, livelier and more powerful—and especially notable for operating economy and minimum service costs.

A Wedding That Bridged an Ocean

There were brilliant ceremonies in Ottawa when a daughter of the Dominion became the bride of a Scottish nobleman. Miss Lucy Crowdy, daughter of Mr. James F. Crowdy, assistant secretary to the Governor General of Canada, and Mrs. Crowdy, is shown with her husband, the Hon. James Kenneth Weir, eldest son of Lord and Lady Weir of Scotland, after the wedding at Christ Church Cathedral.

Welcomes His Hero

The cobbler of Northampton, Mass., James Lucey, old friend and adviser of ex-President Coolidge, chuckled happily to himself as Cal came marching home.

Now They've Got the Right Number

If the operator don't understand you when you give her the number of the Knights of Columbus Club at New York, just ask her what year Columbus discovered America. If the telephone company has trained her correctly you'll get your party. After considerable trouble and time the club was able to have the company give them the famous number so closely identified with their name. When did he discover America? Why, 1492.

G. B. S. a Flu Victim?

There is a report that George Bernard Shaw, whose bitter antagonism toward the medical profession is well known, is seriously ill of influenza in his home in Whitehall Place, London. A physician and a radiographer are supposed to have visited the mansion, presumably upon the insistence of Mrs. Shaw.
